

Biology Activity

ACTIVITY: TEMPORARY MOUNT OF ONION PEELS CELLS

Hosted by: Mrs. Swetha Reddy

18 July 2022

Grade: 8th Topaz

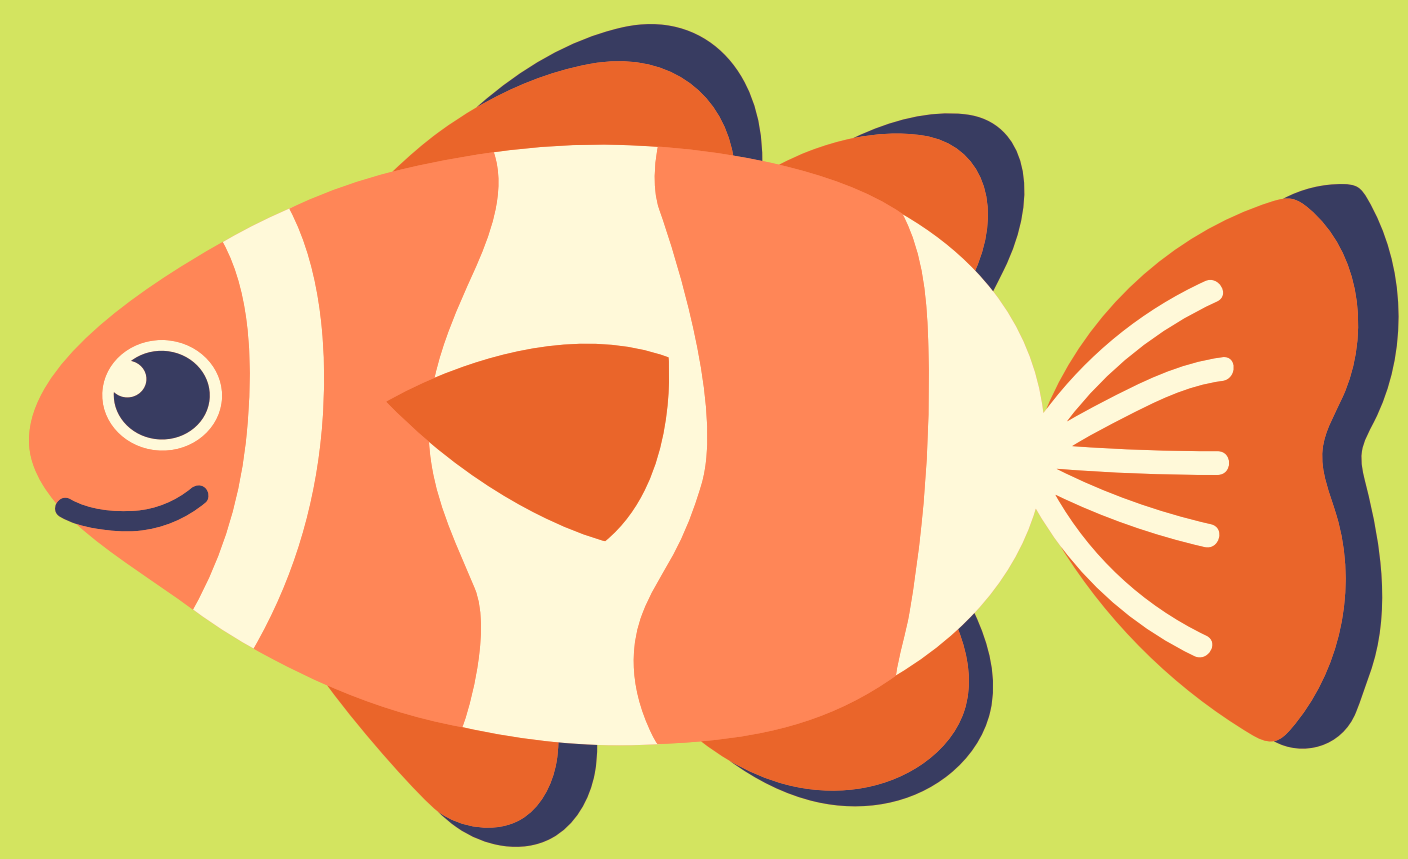

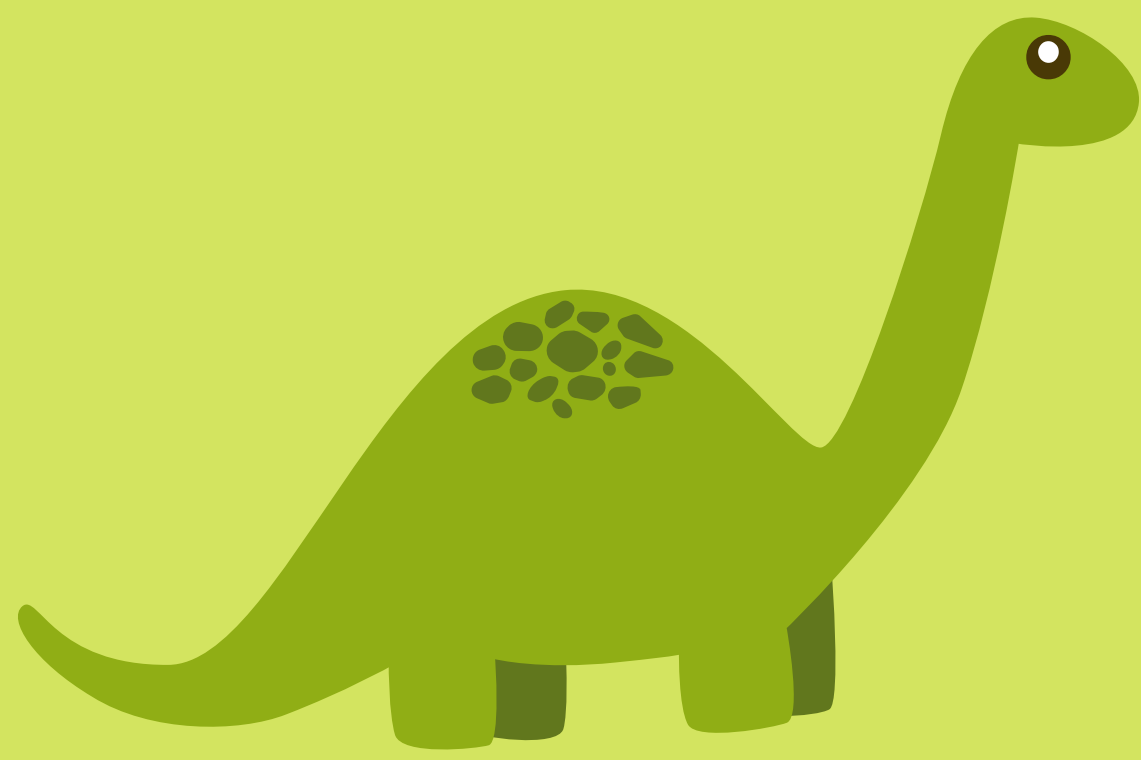

GOAL

The goal of the activity was to teach the kids about the usage of the microscope and examine the temporary mount of onion peel cells.

Swetha madam explaining structure of specimens of sea animals

Students learning the usage of microscope

It is important that we teach students to make connections between what they learn in the classroom and what they see in everyday life.

Students examining various lab specimens of sea animals during lab activity such as starfish, scorpion, fish and snail etc.
