# Student Election Day

Held on 2<sup>nd</sup> July, 2022

*In order to imbibe the best Democratic Values and simulate the working of a democracy in our students, we conducted Elections in our school to elect incharging bodies from students*

The contesting candidates are from Grade IX and Grade X for the roles of **School captain** and **Vice Captain**

**Canvasing  
&  
Campaigning**

Students can be seen campaigning for their favourite candidates to select their leaders.

# Speeches

To simulate the exact working of modern election process we instructed the students to give campaign speeches.

Sujatha Madam monitoring the speeches of few of the contestants

## POLLING AND CASTING THE VOTE

The voter puts their completed ballot into a ballot box. The ballot box will be locked until counting begins so as to ensure that the ballot papers cannot be manipulated. Once ballot box voting has officially ended, the ballot boxes will be opened under close supervision and the ballot papers will be counted to select the winners.

# **Our involvement**

**Our staff,  
guiding and  
teaching the  
students to  
understand the  
process better.**

**Tanveer madam and Nasreen madam  
elaborating the process to the teachers**

**Along with  
students,  
teachers doing  
their part to cast  
their votes for  
their favourite  
students**

As principal madam is reading the results the students are applauding for their elected members.

## Election Day Results

Understanding government processes and specifics as it pertains to candidates will set the foundation for students learning for future voting! It will also help them to understand the world around them a little more clearly. That was our main intention behind this event.

# THANK YOU

**WE WOULD LIKE TO THANKS ALL THE PARENTS,  
OUR STUDENTS AND OUR STAFF FOR GIVING  
THEIR BEST AND SINCERE EFFORTS IN THIS  
ELECTION.**
